Your Questions Answered

Q: What is the library's wifi password?

A: We'd love to help you get online in the most efficient way possible. If you're a current Oakwood student, faculty, or staff member, that means using the OU-WIFI or ou-secure network. If you're having trouble accessing that, contact Chris DeWitt in Blake Center (256-726-7517).

If you're just visiting Oakwood, feel free to come to the front desk, text us at 256-429-2629, or call us at 256-726-7247 to request the password for the ou-guests network.

Holiday recipe: Sweet potato salad with apple and avocado

Whether you're relying on a dorm kitchen or your parents', this dish is easy to whip up — and it's packed with plenty of nutrients.

Ingredients

- 1 lb. sweet potatoes (peeled and cut into half-inch cubes)
- 1 c. frozen corn
- ¼ c. raw hulled pepitas (pumpkin seeds)
- 1 medium red apple (peeled, cored, and diced)
- ½ small onion (finely chopped)
- ¼ c. chopped fresh cilantro
- ¼ c. fresh lime juice
- 2 T. olive oil
- ½ avocado (finely diced)

Instructions

1. Boil sweet potato cubes in large saucepan for 3 minutes. Add corn and boil 1–2 minutes more, or until potatoes are tender. Drain, rinse in cool water, and drain again.
2. In dry skillet, toast pepitas over medium-high heat 3–4 minutes. Transfer to plate.
3. In large bowl, combine apple, onion, cilantro, and lime juice. Stir in sweet potatoes, corn, and oil. Add avocado and pepitas just before serving.
